The scholarship program was the brainchild of Leonard Polster, an ardent supporter of both Scripps La Jolla and the Boys & Girls Clubs of San Dieguito as well as a long-time member of the Foundation's Board of Trustees. Mr. Polster brought both organizations together to form the scholarship program in hopes of encouraging students to pursue careers in the medical field to help offset the shortage of health care workers.

Scripps Memorial Hospital La Jolla is a part of Scripps Health, a not-for-profit, community-based health care system that includes four hospitals on five campuses, dozens of outpatient clinics, thousands of affiliated physicians, home health and hospice care. Scripps employs 13,500 people in San Diego County and treats a half-million patients annually.

About Boys & Girls Clubs of San Dieguito Foundation

The Boys and Girls Clubs of San Dieguito Foundation was established in 1977 and is an independent entity managed by 19 Trustees. The Foundation is a tax-deductible receptacle for donations aimed at long-range facilities planning, as well as being a backup for existing operations. The Foundation also acts as a custodian for major grants and bequests in support of specific BGC San Dieguito programs and activities, and will administer them at its own cost. Contributions arrive through direct gifts (cash, land, stocks, insurance and mortgages) and through delayed gifting via bequests and charitable trusts. Assets today are approximately \$3 million, with approximately \$12 million in deferred gifts. The Foundation supports the operating Club by:

- Providing non-interest-bearing loans to assist the operating Club's cash flow
- Undertaking studies and demographic surveys to project future needs
- Seeking land to acquire for new Club facilities
- Making grants for off-budget items such as capital grants and special projects
- Providing scholarships to deserving youth
